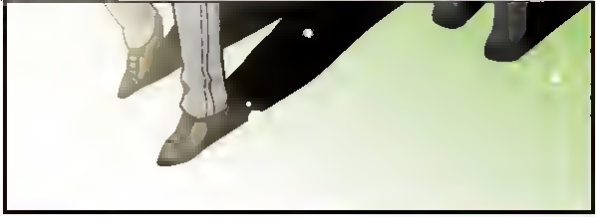
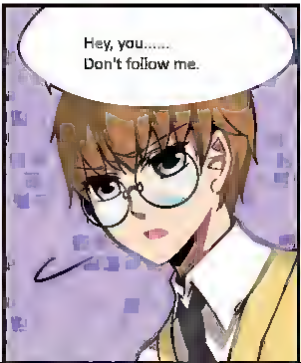
ACT62.意外的盟友

Unexpected Alliance





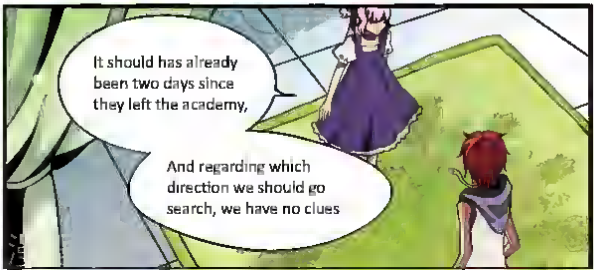
Hey, you.....
Don't follow me.

I don't know the way.

.....Where do you want to go?
I'll take you there.
Just wandering around.
Class president Sap

Theres some things
I think that it's better if I tell you

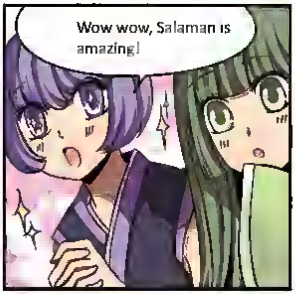
Even if you say to get them back,
It's not that easy to do



It should has already been two days since they left the academy,
And regarding which direction we should go search, we have no clues

Lend me their badges for a bit
What do you want to do?
?
?

Using the remaining magic power on the badge, we can chase the owner s direction within a certain range.
Let's quickly take action, while they still haven't gone far

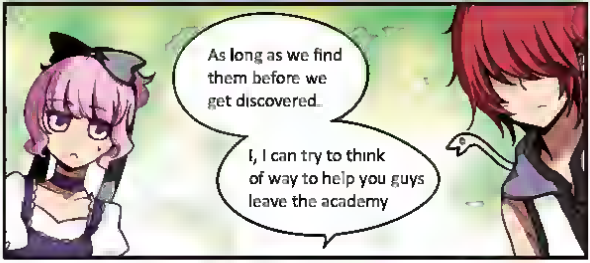


Wow wow, Salaman is amazing!

.....

Even if so, you can't find a way to leave the academy Unlike those two, you are too eye catching!
学院名人
引人注目
素行不良
Txt attention catching, academy famous person, poor behaviour

Please don't worry and leave it to me!
Class president?
Why are you here?
The matter about the disappearance of our classmates Comocky and Iku... I already know about it.
Even though, I should immediately tell this to the teachers...
However, I don't wish for them to get expelled



As long as we find them before we get discovered.
I, I can try to think of way to help you guys leave the academy

In addition, I also want to use my own strength to protect you guys
This is something I should do as class president
Once leaving the academy, Salaman you would have no one to help you

I didn't think that even you the class president, would support doing this.

I will go as well!

You can't!
Why, why?
Why can't I------
Don't be childish, this isn't a game
The less people going outside is better. You and Xiao Shin is responsible for helping us cover up
Myself, Salaman and class president
Us three would go find them
There's also me

Christine?!
When, when did you follow me here!
Wait, this should have nothing to do with you
Stop kidding! If you continue to bother me.....
.....
This is——

Se - cret - fee.
保・密・费。

……

You are hua bao bao?
你是花苞苞吗？
Class president, what kind of person did you bring here?!
How would I know!

Translator note: I seriously can't find out what this hua bao bao thing is, no matter how much i search. All i can assume is that it's some kind of flower.

Also she meant secret fee as in, letting her join in if they want her to keep it a secret.
